

# Ford Transit Connect XLT

## AUTOPLY INC INSULATION KIT SCHEMATIC

---

VEHICLE YEARS  
2016 – Present

KIT NUMBER: 5500 | KIT CONTENT: Ceiling, sides and doors / 10 pcs

---

Kits are organized and packaged by ceiling pieces, left side pieces and right side plus rear doors. Each group of patterns are separated by a sheet of paper for identification during unpackaging. It is recommended to lay each section out in accordance with the assembly views below prior to first time installations.
