

Chevy Express, GMC Savana 135, 155

AUTOPLY INC INSULATION KIT SCHEMATIC

VEHICLE YEARS
2003 – Present

KIT PNs: 2155, 2155-1 | CONTENTS: Ceiling, sides and doors / 20 pcs

Kits are organized and packaged by ceiling pieces, left side pieces and right side plus rear doors. Each group of patterns are separated by a sheet of paper for identification during unpackaging. It is recommended to lay each section out in accordance with the assembly views below prior to first time installations.
